ANTIOCH, ILLINOIS, THURSDAY, OCTOBER 15, 1942

FIRST IN RESULTS TO ADVERTISERS NUMBER 10

## Antioch Scrap Drive Reaches 80 Tons Total

Need 20 Tons More to Gain 100 Ton Goal; Schools Co-Operate

Only 20 more tons of scrap iron are needed to reach the local goal of 100 tons.

Chairman C. L. Kutil says this amount will be easily obtained as he knows of that much scrap on just a few farms in Antioch Township. Some of this has been released but is awaiting collection.

Last Saturday, 6,070 lbs. of solid steel and cast iron was collected by the committee in the Looa Lake and Millburn area. The Millburn Boy Scouts had collected and located considerable scrap which was picked up with their assistance. A large amount of scrap was also picked up that had been collected by the Millburn and Oakland school children.

**Successful Drive at Grade School.**  
The students of Antioch Grade school under the able leadership of their teachers set a fine example of excellent organization and co-operation when they collected in less than a week, eight tons of good steel and cast iron and approximately six tons of light sheet iron, tin and wire. The money received for this material will be used by the school for the benefit of the various classes that took part in the drive.

**Start Campaign at High School.**  
High school students under the leadership of C. L. Kutil, Salvage chairman, and their homeroom instructors are now organized to pick up all remaining iron that has been missed in previous drives. So far, says Kutil, the High School Clean-up Drive is netting results as several large scrap piles have been scouted by high school students and arrangements have already been made for a large truck to pick them up next Saturday morning.

## RAILROAD WORKER IS FOUND INJURED NEAR INGLESIDE

Found in a badly injured and in an unconscious condition on the Chicago & Milwaukee right-of-way near Ingleside, Gust Zogas, an employee of the railroad was brought to Antioch yesterday afternoon for examination and first aid treatment.

There were no witnesses to the accident that caused his injury, but a workman friend of Zogas found him shortly after ten o'clock yesterday morning. It is thought that the man either fell or was struck by some object some hours earlier. The injured man was hurried to the office of Dr. L. L. Breakstone here and an ambulance was sent by the sheriff's office to take the man to a Waukegan hospital.

Zogas suffered concussion and was unconscious from loss of blood, according to Dr. Breakstone.

## EINAR PETERSEN IS ELECTED PRESIDENT OF FIRE DEPARTMENT

Other Officers for the Year Chosen at Meeting Tuesday Night

Einar Petersen, for 15 years an active member of the Antioch Fire Department, was elected president of the Firemen's association Tuesday night at the annual meeting for election of officers. Pres. Petersen succeeds Cleve Vos.

Other officers elected were secretary, Clarence B. Shultis, who was re-elected to that office; treasurer, Geo. Garland, re-elected to the office he has filled for 22 years; sergeant-at-arms, Merrill Cunningham; captain, Cleve Vos; and lieutenant, Dudley Kennedy. Delegates named to the Lake County Firemen's association were: Einar Petersen, 3 years; Laurel Van Patten, 2 years; Elmer Hunter, 1 year.

Other officers of the local fire department who served by appointment and who were not affected by the election, are R. L. Van Patten, chief; Herman Rosing, assistant chief; Edgar Simonsen, drill master.

## ANTIOCH 4-H CLUB MEMBERS TAKE SEVEN AWARDS AT INSTITUTE

Seven awards including a first prize, three seconds, two fourth and one seventh place award were won by Antioch 4-H club members at the Farmers' Institute exhibit held on October 2, at Lake Zurich.

The local winners were Allan Thain who won first in the forestry exhibit; Ray Wells, 2nd, and Neils Nelson, 4th in the corn exhibit; Raymond Scott, 2nd, Philip Burke, 4th and Neils Nelson, 7th on grain; and Warren Wells, 2nd in the potato exhibit.

## Finger-Print Air Wardens Tonight

Insignias, Aircraft Warnings and Gas, Subjects for Third Session

The third session of the Warden's school, being held Thursday nights at the Antioch High School saw a valuable demonstration of fire equipment and instruction in fire fighting by Assistant Chief Herman Rosing, assisted by Drillmaster Simonsen and a corps of firemen.

The information obtained was part of the course of training of Air Wardens and Fire Watchers and was appreciated by all present. Two valuable films were also shown, one depicting realistic scenes of a serene community being taught by the Air Raid Warden in what to do in case of an air raid. Then followed actual air raid damage showing the efficient organization of the civilian protective services. By far this was the best film on this war shown in Antioch. Another film called "Illinois at War" was also very interesting and instructive.

Tonight's instruction will be handled by Messrs. Vos, Clabaugh and Berg on the subjects of insignias aircraft warning and gas. There will be fingerprinting of the personnel.

The First Aid classes held at the grade school on Tuesday nights as an auxiliary course required to qualify as an Air Warden is progressing under the direction of Harry Greenlee and Charles Larson, both members of the Antioch Rescue squad. Absentees will have to make up any instructions missed in order to complete the course.

## "Smoky" Rogers Will Demonstrate Control Center Here Oct. 22

Chief of Fire Prevention Dept. to Speak at Wardens School

Col. Harry K. Rogers, better known as "Smoky Rogers", will handle the control center demonstration as part of Air Raid Warden's school here on Thursday, October 22, at 8 p.m., at the Antioch High school.

Arrangements will be made at the high school to handle a large delegation from other sections of the county.

Harry K. Rogers

as Col. Rogers' time is so taken up with these demonstrations that it becomes necessary to combine facilities so that neighboring townships also may get the benefit of his leadership. Only Waukegan, Antioch and Zion were able to obtain his services for the last half of this month.

The local defense committee wants all members of protective services out for this meeting. This includes Fire, police, wardens, fire watchers and others interested in this service. The public is invited.

## Voting Possible For All Who Are Not Registered

Special Provision in Act Permits Voting In One Election Only

If you failed to register you still may vote in the November election. This fact was made known today when Attorney General George F. Barrett sent a special bulletin to all State Attorneys and County Clerks, setting forth the fact that those citizens who failed to register may vote under a special provision contained in the Permanent Registration Act.

In his special bulletin the Attorney General said:

"I believe it is extremely important that you call the attention of the electors coming within the provisions of the new Permanent Registration Act to the fact that they have not lost their right to cast a ballot at the November election by reason of their failure to register as provided in said act."

Barrett pointed out that the Permanent Registration Act allows a qualified voter, not registered under the terms of the new act, "To vote in one, but not more than one, election prior to that on the first Tuesday after the first Monday in November, 1946."

The Attorney General's bulletin also contained a section of the new act which permits the non-registered voter to vote, which reads as follows:

"Sec. 21: An otherwise qualified elector not registered under the terms of this Act, may, upon compliance with this section, vote in one, but not more than one, election prior to the first Tuesday after the first Monday in November, 1946. An unregistered person applying for a ballot at any such election shall take the oath required by Section 10 of this Act, and shall execute under oath in duplicate a card containing all information required by Section 8 of this Act to be upon the registration record card."

In commenting on this provision Barrett said:

"The above statutory provision authorizes qualified electors, meaning those persons of the age of twenty-one years or upward, who have resided in the State one year, county ninety days and precinct thirty days, who have not registered, to vote in person at the November 3, 1942, election by filing an incomplete registration with the precinct election officials."

Barrett explained to the State's Attorneys and the County Clerks how an elector may proceed to cast his ballot under the special provision in the law, when he said:

"The blank forms for such incomplete registration will be furnished at the polling place by the precinct election officials on election day. The filing of such incomplete registration by such qualified voter entitles said voter to a ballot. Such qualified, unregistered voters seeking to vote at the November election should go to their regular polling place and ask to vote under an incomplete registration as provided in Section 21."

In the closing paragraph of his bulletin Barrett said, "You should urge the qualified electors in your counties coming within the provisions of the new Permanent Registration Act but who have failed to register, to vote under this provision of the statute."

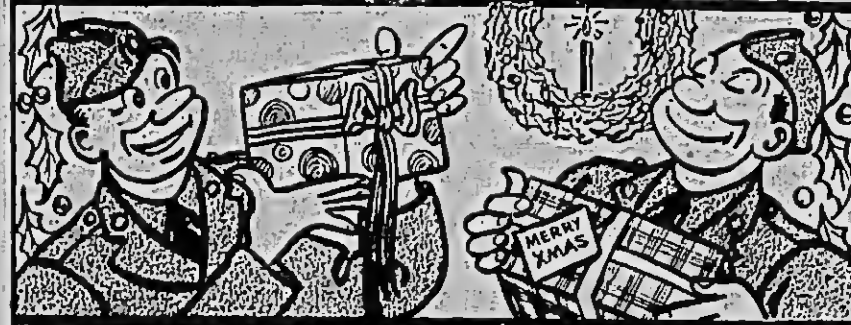

## Washington Sayles, Richmond Pioneer, Dies at Age of 94

Washington Sayles, a true pioneer of Mellenry country, died early Friday morning at his home in Richmond township near the village of Richmond at the age of 94 years. He had been critically ill for a week.

He was born on May 23, 1848, in the township that was his lifelong home. He resided near Solon Mills in young manhood and after his marriage to Eliza (Margaret) Jackson, also a native of the community, in 1871, the couple moved to the homestead farm on what is known as Fifteen Hill, which has been the family home for the past 71 years.

Surviving are his wife, now 84 years old; two sons, Frank of Racine, Wis., and Orris, at home; also two daughters, Mrs. Gus Gratton of Greenwood, Ill., and Mabel, at home. Mabel Sayles has been a member of the Antioch News organization for the past twenty years. There are also four grandchildren and four great grandchildren.

Funeral services were held on Sunday afternoon at Elton's funeral home in Richmond and burial was in Richmond cemetery.

## MAIL SOLDIERS' XMAS GIFTS BEFORE NOVEMBER 1.

**READ THE RULES**—The following rules, issued by the Postoffice Department in cooperation with the Army Postal Service of the War Department, apply to the mailing of Christmas parcels for members of our Armed Forces serving outside the continental limits of the United States.

**TIME OF MAILING**—Christmas parcels and greeting cards should be mailed during the period beginning October 1 and ending November 1, 1942, the earlier the better. Each package should be endorsed "Christmas Parcel." Special effort will be made for delivery in time for Christmas.

**SIZE AND WEIGHT**—Christmas parcels shall not exceed 11 pounds in weight, or 18 inches in length or 42 inches in length and girth combined. However, the public has been urged to cooperate by voluntarily restricting parcels to the size of an ordinary shoe box and the weight to six pounds.

**USE CARE IN PREPARATION**—Remembering the great distance this mail will be transported and the necessary storage and frequent handling, it is absolutely necessary that articles be packed in substantial boxes or containers and be covered with wrappings of sufficient strength to resist pressure of other mail. Each parcel is subject to censorship and delay may be minimized by securing covering to permit ready inspection of contents.

**PROHIBITED MATTER**—Infectious, inflammable materials, poisons or compositions likely to damage mails are unacceptable. No perishable matter should be included in parcels.

**HOW TO ADDRESS PARCELS**—Addressee must be legible. Parcels addressed to overseas Army personnel should show in addition to the full name and address of the sender, the name rank, Army serial number, branch of service, organization, A.P.O. number of the addressee and the postoffice through which parcels are to be routed. Units located within the continental United States may be addressed direct, using name, rank, organization and location.

**POSTAGE MUST BE FULLY PREPAID**—The rate on parcels of fourth-class matter (exceeding eight ounces) being the zone rate applicable from the postoffice where mailed to the postoffice in the care of which parcels are addressed.

**GREETING MESSAGES PERMISSIBLE**—Inscriptions such as "Merry Christmas," "Don't open until Christmas" and the like may be placed on the covering of the parcel if it does not interfere with the address. Cards may be enclosed and books may bear a simple dedicatory inscription.

**INSURANCE AND REGISTRY**—Gifts of value should be insured. Articles of small size and considerable value should be sealed and sent as first-class registered mail.

**MONEY ORDERS**—The Army Postal Service recommends use of postal money orders to transmit gifts of money to members of Armed Forces outside the United States. These are cashed at A.P.O. in local foreign currency at rate of exchange on date of presentation.

## Lake Villa Will Dedicate Honor Roll Saturday

Combine Event With Salvage Rally for Entire Township

Dedication of Lake Villa township's Honor Roll of Service Men will occur at 2:00 p.m. this Saturday afternoon, and the event will be combined with the township junk rally, according to arrangements completed by the committee named for the event.

Assisting Chairman Nickerson are Supervisor John Cribb, Wm. M. Marks, Fred Kirk, John Walker and Earl Hucker.

Speakers on the program at the Honor Roll dedication include Paul J. King, co-ordinator of Lake County Civilian Defense committee, the Rev. W. A. MacArthur of Lake Villa Community church, Wm. M. Marks and Wm. Weber of Lake Villa. Music will be by Tronson's sound truck. The ceremony will take place on Cedar avenue.

**Scrap Drive Progresses**  
A salvage depot has been set up on Hucker's used car lot in the center of the village and is already well filled with scrap metal of all descriptions. Residents of the township are urged to bring the scrap in, but those who can not are asked to call H. R. Nickerson, salvage chairman, Tel. Lake Villa 2341, or Hucker's Garage, Lake Villa, 3431.

The drive is sponsored by the Lake Villa Township Civilian Defense Council.

## PTA to Stage Hobby Show November 9

A committee of members of the Antioch Parent-Teachers' Association, chairmanned by Mrs. George Garland, is making ready to stage a community-wide hobby show at the grade school on Monday evening, Nov. 9.

There will be talks on hobbies by competent speakers, and prizes will be awarded to exhibitors. Those wishing to enter displays of their hobbies should notify the chairman, Mrs. Garland.

Mr. and Mrs. Arthur Pink and children of Evanston were Sunday guests of Mr. and Mrs. John Dupre.

## Antioch Sequoias Lead Conference

Win Over Bensenville Puts Antioch Gridders in First Place

Antioch High school Fighting Sequoias 20 to 0 victory over Bensenville here Friday places the local grid-dollers in first place in the six-school Northwest conference.

If the locals get by Palatine on the home grid tomorrow afternoon they will retain their first place position as no other team in the conference has won two games. If they lose, Palatine, Bensenville and Northbrook in the event of victory for any one of them, will be tied with Antioch with two wins in the conference schedule.

Figuring in Friday's victory over Bensenville was the brilliant passing of Fields and Kaufmann and the receiving and touchdowns by Barnstable and Brixon.

Other conference games Friday resulted in a 6-6 tie between Barrington and Grant and a 13 to 0 victory by Northbrook over Palatine.

The Sequoias have three more games—Palatine here tomorrow, Northbrook at Northbrook on October 23, and the Homecoming game here with Grant on October 30.

Conference Standings			W	L	T
Antioch	.....	2	0	0	
Palatine	.....	1	1	0	
Bensenville	.....	1	1	0	
Northbrook	.....	1	1	0	
Grant	.....	0	1	1	
Barrington	.....	0	1	1	

## Real Estate On The Move At Shady Nook

Real estate activity in the vicinity of Channel Lake and Lake Marie is brisk, according to many changes that have been reported recently.

Eugene Cox has sold his home in Shady Nook to Paul Leases, a retired merchant from Chicago. Mr. Leases plans to make his permanent home here.

Several other properties have changed hands recently in Shady Nook. John Yuknes has acquired the Kupper property on Lotus ave., and another Chicago resident has purchased the Geo. Hughes place on Duck Lane. Hans Mavis has bought a lot on Lotus ave., and three other lots have been sold by Frank Runyard in Mid-Lakes subdivision.

Mrs. Clarence Shultis has been ill at her home on Park avenue for the past two weeks.

## Hunter Is Killed at Grass Lake This Morning

Eight Injuries In Lakes Area Marks Opening of Season

One hunter is dead and eight others are injured from shot gun wounds following the opening of the duck shooting season this morning.

The hunter who died as a result of an accidental shot gun discharge at Grass Lake this morning is Anthony Paul Schelly, 30, of 7115½ Ridge rd., Chicago.

When the victim started out on Grass Lake early this morning he was offered a tow by three men a boat equipped with an outboard motor. Both boats remained close together during the early shooting. When one of the three men in the boat started to reload his gun was accidentally discharged. The charge struck Schelly injuring him fatally. He was dead when Dr. L. L. Breakstone and the Antioch Rescue squad arrived.

Up to noon today there had been eight cases of injuries in this area all due to careless and indiscriminate shooting.

## PAST OFFICERS PRESIDE AT LIONS DINNER MEETING

Club to Give Football Dinner; Aids Legion in Honor Roll

Past officers of the Antioch Lions club presided over the business and entertainment session of the club at the dinner meeting held Monday night in the Masonic dining room where members of the Eastern Star served a sumptuous dinner.

When the meeting was called to order, President George Wagner turned over his gavel to Ed F. Vos, who served as first president of the club when it was organized in 1936; and Frank D. Powles, past secretary, served as acting secretary for the evening.

There were special prizes for all members and guests attending—a gold decorated genuine china salt and pepper set—gift of Regal China company operated by John Leppert and Ray Grull on North avenue, Antioch. Grull is a member of the Lions club. There were also a number of other prizes given to members who qualified to receive them.

Credit for the unique evening's entertainment was given to Tailwister George Joedicke, who acted as toastmaster during the entertainment session. Joedicke was chosen program chairman to succeed Robert King who left last week to spend the winter in Arizona.

**Will Banquet Football Squad.**

Club members gave unanimous approval of the plan to sponsor a testimonial banquet to Coach C. A. Wolf-inger and his squad of 23 football players who are upholding the honor of old Antioch High in great style during the current gridiron season. To date the team is credited with two victories and no losses in the Northwest conference and has better than an even chance to cop the conference championship.

But win, lose or draw, the Lions club believes the boys should have such recognition and they are planning a great evening for the boys. Several football notables and many stars of the gridiron will be present.

The plan has the approval of Coach Wolfinberger and Principal T. R. Birkhead, who will provide the guest list as well as set the date for the event.

**Helps With Honor Roll**

The club is co-operating with the Antioch American Legion Post in completing the big board that will be Antioch Township's "Honor Roll of Service Men." The sign board has already been erected in the village park and now awaits the painting on of names which will be added when the list is compiled as correctly as is possible at this time. In this painstaking task both the Lions and the Legion seek the co-operation of relatives and friends of men in service so that no name will be omitted.

According to present tentative plans there will be an unveiling ceremony in the park at some future date—probably on Armistice day if the roll can be completed by that date.

Mrs. B. R. Burke and Mrs. W. W. Warriner spent Monday in Evanston.

## Power of the Press

The esteem in which the American people hold their "free press" was emphasized during observance of National Newspaper Week. Contributions already made to the war effort by the National press are noteworthy.

In addition to keeping the people "fully and truthfully informed," braving the "enemy fire," checkmating "enemy propaganda intended to demoralize and mislead our people," and taking its place "on the firing line of the war," the U. S. newspaper fraternity has assisted our war effort in a very practical and substantial way.

According to The New York Herald Tribune, 300,000 newsboys representing 900 newspapers have sold \$50,000,000 in war stamps up to September 10. More than 10,000 daily and weekly newspapers and 200 other periodicals have contributed free space devoted to the sale of war bonds valued at \$65,000,000 based on Treasury Department estimates. In addition to this, the scrap drive, in

which newspapers all over the country are participating, is proving to be an outstanding success.

The newspapers have demonstrated not only their flexibility, their integrity, and devotion to the cause of their country, but have proved in a very practical way their ability and power to perform much-needed services voluntarily and without reserve.

## Bottleneck Strikes Continue

Strikes continue to pile up regardless of the pledges of labor leaders and the mounting disgust of the American people. August topped all previous months in the number of war industry stoppages. A total of 229 strikes, involving 79,414 men, were called during this one month and as a result 2,130,824 more valuable man-hours were lost to the Allied Nations.

Wm. H. Davis, Chairman of the War Labor Board, states that this increase is not alarming because it is such a small percentage in "the relation of man-hours lost to the number of man-hours worked." But, when 81 workers engaged in a jurisdictional strike delayed completion of a \$60,000,000 alloy steel mill and held up 750,000 tons of steel production for four months, the seriousness of these bottleneck strikes immediately becomes apparent.

In war terms, would Mr. Davis agree that the desertion of a regiment of troops in the face of the enemy was unimportant because the proportion of deserters to the total armed forces was infinitesimal?

## TREVOR

Mr. and Mrs. Richard Corrin were Kenosha shoppers Saturday.

Mrs. Jos. Smith, Mrs. Charles Oetting and Mr. Wm. Evans were among those from Trevor who attended the funeral services of the late Mr. Richard Moran at the Strang Funeral Home, Antioch.

Mrs. Jessie Allen spent Wednesday and Thursday with Mr. and Mrs. E. W. Allen of Twin Lakes.

Mrs. Charles Oetting called on relatives in Burlington on Sunday.

Mr. and Mrs. Glenn Pacey, Jefferson, visited at the Champ Parkam home on Sunday. Mrs. Pacey remaining for a few days.

Miss Lorraine Yopp, Racine spent Sunday with Priscilla Allen at the C. Oetting home.

Mrs. Irv. Elms and daughter, Louise, Antioch, Mrs. Charles Oetting and Priscilla Allen spent Friday with the Salzwedel families at Woodford, Wis.

Mrs. Champ Parkam and Mrs. Kermit Schreck spent Friday evening with their aunt Mabel Schmidt and cousins of Silver Lake.

Mrs. Kermit Schreck in company with Mrs. H. Schultz and daughter,

Elaine of Salem left on Sunday for an indefinite stay at Tucson, Ariz.

Mr. Frank Meeklenberg, Genoa City called at the Charles Oetting home on Saturday.

Mr. and Mrs. Alfred Oetting, Zion, Ill., called at the parental home on Sunday.

Mr. and Mrs. Lee Wilson and daughter Sandra spent the past week with relatives in Des Moines, Iowa.

Mrs. Charles Murphy, Kenosha called on her mother, Mrs. Ottilda Schumacher on Wednesday. Her mother returned with her for several days where she is under the doctors' care.

Miss Kathryn Stromberg and Miss Kathryn Keen, Chicago, spent the week end at their Rock Lake cottage.

Henry Schumacher spent over the week end with home folks.

Jack Kavanaugh, Chicago was a Trevor caller Thursday.

Mrs. Effie Nelson, daughter Mrs. Vera Reutter and granddaughter, Jane Nelson were Sunday dinner guests of Mrs. Lena Holmes and Mrs. Dan Longman.

Mr. and Mrs. Albert Alvarez and son Ronald, Chicago, Mrs. Elsie Gutkowsky, Chicago and Mrs. Ida Dex-

ter, Wilmette were Sunday visitors at the Harry Dexter home.

Mrs. Maude Hurligen, Antioch, Mrs. Mame Hunt, Antioch called on Mrs. Lena Holmes at the Dan Longman home Tuesday, they were also Kenosha callers that day.

Mr. and Mrs. Harry Dexter, Jr. and son Charles, Mrs. Ida Dexter and Mrs. Elsie Gutkowsky attended the baptismal ceremony of Mrs. Dexter's niece Carol Anne Dunford at Fox Lake, Ill. on Sunday.

Mr. and Mrs. Wm. Hanneman, Burlington called Monday at the Joseph Smith home.

Mr. and Mrs. M. Johnson, Arlington Heights visited her parents Mr. and Mrs. A. J. Baethke Monday afternoon.

Mr. and Mrs. Wm. Gallut, Salem called on their daughter, Mrs. Lee Wilson and family Monday afternoon.

**The ADS in this paper  
make SENSE and  
SAVE DOLLARS**

## WILMOT

Mr. and Mrs. John Sutcliffe of Chicago, spent the week end with the latter's mother, Mrs. Bogda.

Miss Arlyce Hegeman, spent the week end with her parents, Mr. and Mrs. Leland Hegeman, returning to State Teachers at Milwaukee, Monday.

Dr. and Mrs. J. B. Rice and Mr. and Mrs. A. C. Reynolds of Beloit, spent the day Sunday with Mr. and Mrs. W. Cole.

Mr. and Mrs. Earl Hyde and Mrs. L. H. Cole of Crystal Lake and Mrs. Solon Reed of Peoria, Illinois, were Sunday dinner guests of Mr. and Mrs. Frank Kruckman.

Sunday guests at the Herbert Sarbacher home included: Mr. and Mrs. A. Dornier and family of Chicago; Floyd Pacey, Kenosha; Mr. and Mrs. John R. West, Zion and Mr. and Mrs. August Burkart of Woodstock; Mrs. J. Sarbacher, who has been spending the past few weeks at Woodstock with her daughter, returned to the home of her own son, Herbert, Sunday.

Mrs. Harry McDougall, Miss Anna Krunko and Mrs. Herbert Sarbacher, attended the three day convention of the Order of the Eastern Star, at Milwaukee, last week.

Mr. and Mrs. Paul Voss, were Sunday dinner guests of Mr. and Mrs. E. H. Swartz at Union Grove.

Mrs. Milton Greb of Kenosha, spent from Saturday to Monday with her mother, Mrs. John Blackman, who has been ill. On Sunday, Major and Mrs. R. H. Sykes of Springfield, Ill., visited at the Blackman home.

Orville Pacey, spent the week end with Mr. and Mrs. Cyril Pacey. He returned to his home in West Allis, Sunday evening.

Miss Doris Neuman of Burlington, spent Sunday with her parents, Mr. and Mrs. Gust Neuman. On Sunday afternoon, Mrs. Evelyn Neuman of Harrington, Ill., called on the Gust Neuman family.

Mrs. Elmer Rasch entertained for Mrs. Winn Peterson on Saturday evening at a farewell party. Mrs. Peterson was presented with a lovely gift and the guests played cards after which a lunch was served by the hostess.

Mr. and Mrs. Russell Elwood and family, visited his mother, Mrs. B. Elwood in Chicago, Sunday.

Mr. and Mrs. Gilbert Runkel, Mr. and Mrs. Wallace Runkel, daughter and son Nance, and Roger of Wheatland, were dinner guests of Mr. and Mrs. Harry McDougall, Sunday.

Rev. B. T. Otto left on Tuesday to attend the Southern Pastoral Conference at Des Plaines, Ill. The Conference will close on Wednesday evening.

The Sunday quarterly meeting of the Board Lutheran congregation, will take place immediately following the morning worship, Sunday school, 8:45 a.m. and English Worship at 9:30 a.m. On Friday evening at 8:00 o'clock, the church council will meet at the parsonage.

The Wilmot High School P.T.A. held their first regular meeting of the season with Mrs. M. E. Brooks presiding.

Reports were read by the secretary, Miss G. Kolar and Mrs. Hunt, treasurer. It was voted to appoint a committee to contact members for aid in helping to replenish the food supply at the Kenosha USO headquarters. Those appointed are: Mrs. Hunt, Mrs. R. Barber and Roy Swenson. Anyone other than P.T.A. members from this district, wishing to assist in baking cakes, cookies, doughnuts or donating apples, get in touch with one of the above committee or M. Schurr and the food will be collected.

Miss M. Larson, has accepted a school in Sturgeon Bay as teacher of Science. Miss Larson was principal of the Wilmot Grade School.

Mr. Schurr introduced new faculty members after which he gave a brief explanation concerning the Patriots Fund campaign, which begins next week. After a short discussion, Mrs. M. E. Brooks talked on "How the P.T.A. can aid in War Effort". Mrs. M. Schurr reported that several new books had been added to the library and the public is invited to make use of them.

The meeting was turned over to the program chairman, Mrs. Roy Swenson who introduced the soloist, Miss G. Kolar who sang two numbers, "The Sunshine of Your Smile" and "A Heart That Is Free". Mrs. M. Schurr accompanied her at the piano. A cornet trio by Bob Manning, Virginia Schutzen and Dorothy Waldo, accompanied at the piano by Thelma Jackson, played "Anchors Away", "That Naughty Waltz", "The Marine Hymn" and "The National Anthem". The members then adjourned to the dining room where a delicious lunch was served.

The Wilmot High School, are having their six week examinations this week and the report cards will be distributed next week.

The Wilmot High School football team will play the Watford team at Watford this Friday.

Mr. and Mrs. George Higgins, spent the week end as guests of the latter's sister, Mrs. Arthur Wright in Milwaukee.

Mrs. Edith Faulkner and Mrs. Bessie Burroughs, were recent dinner guests at the home of Mr. and Mrs. Eugene McDougall. On Sunday they spent the day at Ringwood visiting at the Walker Harrison home.

Mr. and Mrs. Fred Albrecht and Mr. and Mrs. Alex Shubert, spent the day Monday at Racine.

Mr. and Mrs. Harry McDougall spent the day Monday in Milwaukee.

## Mosquito Trap

A French girl has perfected a simple trap for mosquitoes which destroys them by the millions. It is cheap and portable and electrical.

## Two Defense Houses

The word in one average civilian house would make two defense houses for war workers and their families.

*What's  
in it  
for ME?*

MRS. GREEDY prides herself on being cagey, a little smarter than her neighbors. No one ever accused her of being a sucker. For years she's been stopping all requests for civic support with one stock question: "What's in it for me?"

Mrs. Greedy doesn't like charity. She says it ought to begin at home — and stay there! She doesn't go in for local enterprises. She can take care of herself — let the community take care of itself. She pays her taxes, doesn't she?

Even the war couldn't change Mrs. Greedy. After Pearl Harbor, when the other ladies of the community were rushing to serve on the Red Cross — rolling bandages, knitting, taking first aid courses — Mrs. Greedy was rushing to buy two hundred pounds of sugar.

She still has most of it hidden in her attic. She's got six spare tires salted away, too. And you can bet your boot she didn't throw her bath mats and soap dishes into any rubber scrap pile.

Mrs. Greedy doesn't like rationing either. The idea of sharing scarce commodities with her neighbors is "sucker stuff," she says. Her answer is the same as her answer to everything else: "What's in it for me?"

Some of the ladies in her neighborhood could tell Mrs. Greedy what's in it for her, of course.

They could tell her that in helping America win this war, she was defending her own home. They could tell her that by sharing goods that are scarce, she would be helping to spread the necessary sacrifices evenly, so that no one suffers more than the next fellow.

They could tell her that by helping America win victory as quickly as possible, she would be keeping down the tax load she will have to pay.

They could tell her that this is her war — a war in which her future and security are at stake. But no one will ever tell her these things. No one ever speaks to Mrs. Greedy!

The undersigned firms are happy to state that we have found no Mrs. Greedy in this community. Our customers are patriotic Americans who are accepting rationing cheerfully. They are doing their part to help us help Uncle Sam's war effort. Rationing is the fair, square way of sharing goods that are scarce. It is our duty as merchants to see that this vital war program is successfully carried out. We express our sincere thanks for the splendid cooperation we are receiving from the people of this community.

## IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By HAROLD I. LUNDQUIST, D. D.  
The Moody Bible Institute of Chicago.  
(Released by Western Newspaper Union.)

### Lesson for October 18

Lesson subjects and Scripture texts as listed and copyrighted by International Council of Religious Education; used by permission.

#### GROWTH IN CHRIST

LESSON TEXT—Luke 2:40-52; II Peter 1:1-8.  
GOLDEN TEXT—But grow in grace, and in the knowledge of our Lord and Saviour Jesus Christ.—II Peter 3:18.

Growth is a normal thing. We expect it of the child, and when it fails we know that something is wrong. Just so there is something very decidedly wrong in the life of the Christian who fails to grow in grace. If a child fails to grow we are alarmed, but if a Christian does not grow we hardly notice it, or at most only express our regret. We need a revival.

#### I. Normal Children Will Grow (Luke 2:40-52)

While Christ was God manifest in the flesh, He was at the same time true man, and as a boy He developed and grew in a normal way.

Unless we meet the tragedy of arrested development we need have no concern about the fact that a child will grow physically, mentally and spiritually. The Lord has placed in the babe in a mother's arms the potential qualities of the man or woman to come. Our chief responsibility is to provide the opportunity for the development of those abilities and qualities which the child has, and of guiding that growth in the right direction.

That is all a parent has to do, but it is enough to call for all the wisdom, judgment, patience and skill of the best of us. Yes, and even that is not enough, we need the wisdom of God and His grace upon our lives to do this vital work as we ought.

The qualities in a boy or girl which will count gloriously for God may be dreadfully effective for Satan if we permit him to get control of our children. May God help us to be alert and skillful in rearing our boys and girls.

While it is true that we can do more for the guidance of physical and mental growth than spiritual (because that is a matter of the grace of God), we can lead the steps of the little child to the house of God; we can teach him to pray and to trust God, and we can set an example of godly living before him. That is all we can do; but again we say, it is enough to demand our best effort and more.

#### II. Normal Christians Will Grow (II Pet. 1:1-8)

In Christ there are "all things that pertain unto life and godliness." There is no need of some added experience, or some new and striking endowment, for all the unbelievably great possibilities of Christian grace and growth are in Him. We need only to recognize that fact and yield to Him, and there will be the full development of Christian life and experience.

We have, in practice, so far departed from the normal in Christian life that we can hardly believe that the above is true. In place of the normal Christian life according to God's standard, we have established a standard based on the average Christian life. If we equal it we are satisfied, and if perchance we surpass it we count ourselves among the "more spiritual" ones. And all the time the average standard is far below the normal Christian life which God not only expects, but is ready to enable and empower us to live.

Peter tells us in this passage that the great and precious promises of God in Christ are not only to enable us to escape the corruption of this sinful world, but to go on to a place where we will neither "be barren nor unfruitful" Christians. How will this come about? Verses 5-7 tell us.

Faith supplies in itself (rather than "add to," v. 5), if there is "diligence" (that is, true Christian devotion), a number of other splendid qualities. First comes "virtue"—really moral courage, or nobility of character. What a fine step forward! Then comes "knowledge," that is, a discernment which will give practical skill in effective daily living for Christ. Such spiritual discernment will naturally lead to "self-control"—something much needed by most Christians.

The self-controlled one will always have "patience," that is, the endurance to stand every hardship and trial. We need to be more patient not only with others, but also with ourselves, even in this matter of Christian growth of which we are speaking.

A life like that is a life of "godliness," which will blossom out into real "brotherly kindness." There isn't too much of that in the world today, even among Christians. Let's revive it! Then what? The one who loves his brother will love the whole world (charity, in v. 8, should read "love"). Why not? Are we not all brethren, who know Christ, regardless of race, position or creed?

Let such virtues "abound" (v. 8), and no Christian life will lack in rich fruitfulness for God in Christ. If Christian people would let the new life within them grow, it would surprise us and them what God would do through them for His own glory.

## Illini Scientist Develops New Atom-Smasher

### Betatron Hailed as the Most Important Invention Of Decade.

Atom-smashing, super x-rays, possibly even laboratory-made cosmic rays, are within the capabilities of a machine invented at the University of Illinois by a 30-year old physicist. It opens great and entirely new fields for scientific exploration. As a super x-ray it has important possibilities in medicine, industry, and national defense.

"Betatron" is the name which has been applied to the device by its developer, Prof. Donald W. Kerst. The Betatron with which he now is working at the University produces 20-million electron volts energy. As an x-ray it is nearly 15 times as powerful as any other machine. The radiation from it is greater than from all the extracted radium in the world.

"The Betatron is the most important invention of a decade in the field of atomic physics," according to Dr. Arthur Curtis Willard, president of the University of Illinois and himself a noted engineer.

It accomplishes what scientists have long attempted to do: accelerate electrons to high speeds. Electrons are the light-weight satellite particles of atoms. It accelerates them to the highest speed ever produced in a man-made apparatus, a speed within one-tenth of one percent that of light—which is 186,000 miles a second.

The Betatron has the power to "smash" any atom in the periodic table. It opens entirely new opportunities for scientific investigation of atoms and the particles of which they are composed.

The Betatron is only 5 feet long, 3 feet high, and 2 feet wide. This is the size of the electro-magnet which is the bulk of the machine. Between the poles of the magnet is a doughnut-shaped vacuum tube in which the electrons are whirled electrically some 400,000 revolutions, and at peak speed crash into a target.

Theoretically, there is no limit to the energy which can be produced by a Betatron. Professor Kerst has prepared plans for a 100-million volt machine. The next step after that will be a 200-million volt Betatron, which may be able to produce cosmic ray effects in a laboratory.

With such a machine, as much research about these mysterious cosmic rays might be done in the laboratory in a day as is now done in a year by scientists who travel to lonely mountain tops to study the cosmic rays coming to the earth from outer space.

### Premature Births, Labor, Hemorrhage, Halted by Medicine

A remedy for premature births, premature labor, and certain forms of hemorrhage which result in large mortality rates among both babies and mothers has been found at the University of Illinois College of Medicine (Chicago). In a relatively inexpensive 30-year-old medicine.

This medicine is a hormone extract from the corpora lutea of sows. It has been used for years to relieve the nausea of expectant mothers, but its life-saving power was unrecognized until discovered by Prof. F. H. Falls, head of the University's department of obstetrics and gynecology.

It costs 40 cents per ampule as compared to \$1.25 for the same amount of another premature birth remedy, or about \$25 if given throughout pregnancy as compared to \$150.

Tests in 300 cases at the Cook County hospital showed that the newly discovered remedy saved 80 per cent of the babies in threatened premature births. Tests on 200 cases in the University's Research and Educational Hospital showed similar results.

The medicine not only prevents premature births; it stops premature labor; it helps control hemorrhage from placental problems, which kills unborn babies; and it delays hemorrhage from another serious complication, placenta previa, until the babies develop sufficiently to be delivered by cesarean operation.

### Information on Government War Opportunities Collected

Information about 110 branches of government war service open to men has been collected at the University of Illinois and is available for students. The material covers the Army, Navy, Marine Corps, Coast Guard, Civil Service, and Federal Bureau of Investigation.

Such information has never been compiled by the federal government, and University officials feel that this service is unique. Files of the complete information are kept in the office of the dean of men and in the library, while summaries, kept constantly up to date, are in the hands of some 40 campus officials and advisory offices.

University of Illinois students come from every one of the 102 counties in the state and from every state in the Union.

## LAKE VILLA

The next in the series of anniversary pot luck dinners and showing of pictures at the church will be on Friday evening, October 23, and will feature the old time Ladies' Aid Society in pictures and Mrs. Helen Weber will be in charge. All are welcome. If you can't be there for the pot luck supper at 6:30, come for the pictures.

Mrs. D. Andrew Howey of Round Lake was organist at the Community church last Sunday and added a great deal to the service. We are sorry to lose Mrs. Wallner, but in these unsettled days, many things over which we have no control, are happening, and she was unable to continue the work much to the regret of everyone.

Rev. MacArthur baptized two small children, one his own son, Jon Douglas MacArthur and the other, Judy Ann, the small daughter of Mr. and Mrs. Leonard Schneider, at the morning service last Sunday.

The W.S.C.S. will meet Wednesday afternoon, October 21, with Mrs. Mark at her home and the ladies of the community and church are invited.

Mr. and Mrs. Mondier are driving a new car to their work.

Mr. and Mrs. Cecil Anderson of Chicago were out over Sunday to visit her parents, Mr. and Mrs. Wm. McGloshen.

Mrs. Stella Pedersen entertained a group of relatives and friends at her home on Monday.

Dr. and Mrs. Mosby had Dr. and Mrs. A. B. Madden, who are now living in Ohio where Dr. Madden is stationed, as guests over the recent holiday.

Mrs. Nettie Fraizer was at Sandwich, Ill., last Friday to attend the wedding of her grand-daughter, Dorothy Logan.

The Lake Villa Lions Club is sponsoring its annual fall dance at the Village hall Saturday evening and proceeds will go toward the Halloween and Christmas parties for the children of the community.

Mr. and Mrs. L. W. Felker of Gary, Ind., came Saturday afternoon and remained until Monday afternoon as the guests of Mr. and Mrs. Charles Hamilton. They were former teachers here.

Mr. and Mrs. Lester Hamilton and

sons have moved to Pacific avenue, Waukegan, and the house they occupied is now occupied by Mr. and Mrs. Edward Langbein who have moved from Fox Lake.

Mrs. Helen Fish and Jimmie visited friends in Chicago last Friday.

Mrs. Frank Wood was hostess for her Birthday Club at a pot luck luncheon at her home on Cedar avenue on Tuesday this week. Following the luncheon, 500 was played during the afternoon.

The Royal Neighbors Club held a public card party at the home of Mrs. Paul Avery at Cedar Lake on Wednesday afternoon.

Mr. and Mrs. Wm. Walker visited relatives at Rockford, Ill., Sunday a week ago.

Mr. and Mrs. Gordon Blumenschein of South Bend, Ind. visited the home folks over Sunday.

Dr. and Mrs. Gindich and daughters, Mr. Ruesch and family of Zion and Mr. and Mrs. Morris Waxman and family of Chicago visited Chintown in Chicago Sunday.

#### Lake Villa School Notes

Columbus Day was celebrated by the children at home. They had a holiday which I am sure they appreciated.

Dr. George B. Callahan will make a visit to the school on October 22 to complete the course of immunizations which he has administered to the pupils. He will give physical examinations and tests also.

Our school is having an "All Out" scrap drive, in which we are co-operating with the Cub Scouts.

Mrs. Warton, our school nurse, is going to speak at our next P.T.A. meeting, which will be held on Monday, October 19th.

Gene Nickerson has been appointed the patrol boy for the month of October.

We are carrying on the sale of Defense Stamps and Bonds. Marlene Nader is in charge.

Kathleen Gindich has been appointed Cader by Miss Langworthy for the week. Last week Susie Weber took care of this duty. This week Susie will help Kathleen.

Incidentally, to any parent who did not already know, Miss Langworthy will give music lessons to any of the children who wish to take. They can

take the lessons at school after the regular music lessons have been given. Several of the children already have decided to take the lessons.

Many of the children needed glasses after the eye test which they took. Some of them worked promptly and already have their glasses.

## MILLBURN

Rev. and Mrs. Lauren H. Messersmith were honored at a reception at the church Friday evening, Oct. 9. One hundred and one persons registered and all enjoyed the musical program in which Mr. Haas Von Hollvede, music instructor in Antioch high school, was a great help. Other numbers were given by Mrs. Mary Hoffman, Miss Grace King, Miss Sara McBride, Mr. Eric Anderson and Mr. Richard Martin.

Mr. and Mrs. Chalmers Woolley of Joliet were overnight guests Sunday at the home of the latter's parents, Mr. and Mrs. Horace Culver.

Hickory Unit of Home Bureau will meet at the home of Mrs. W. C. Up-ton Thursday afternoon.

Mr. and Mrs. H. H. Douglas and family of Postville, Iowa were guests at the H. M. Herrick home from Friday until Sunday evening.

Mr. Leon Strang of Chicago was an overnight guest Wednesday at the home of his brother, Victor Strang.

Mrs. L. H. Messersmith is teaching the first four grades in Howe School, as an assistant to Miss Ruth Minto.

The annual church bazaar and roast chicken supper will be held Friday evening, November 6.

The Christian Endeavor Society will hold a business meeting at the home of Mr. and Mrs. J. S. Denman Friday evening.

Mrs. Frank Hauser and children, Glenn and Phyllis Hauser were dinner guests at the home of Mrs. Charles Hoff at Camp Lake, Wis., Sunday.

Mr. and Mrs. M. Blink of Highland Indiana and Mrs. William Heintz of Lansing, Ill., spent Tuesday at the Frank Edwards home.

Mr. and Mrs. Robert Bonner and sons of Kansasville, Wis., Mrs. Eliza Bonner and Miss Vivien Bonner were dinner guests at the Gordon Bonner

home Sunday. The dinner was in honor of the 85th birthday of Mrs. E. Bonner and the 22nd wedding anniversary of the Robert Bonners.

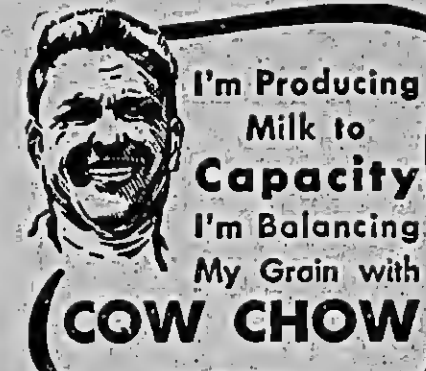

Mr. and Mrs. A. Schwarz and Mr. and Mrs. John Malloy of Chicago were guests at the home of Mr. and Mrs. Wm. Maier Sunday.

Both Being Watched  
I observe the physician with the same diligence as he the disease.—Ben Jonson.

## QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

Free Book Tells of Home Treatment that Must Help or It Will Cost You Nothing  
Over two million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from stomach and duodenal ulcers due to excess acid—Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc.—due to excess acid. Sold on 15 days' trial. Ask for "Willard's Message" which fully explains this treatment—free—at

Suggestions on  
how to be prepared for the next

## BLACKOUT

Just turn out lights... don't pull main switch

Pulling main switches needlessly reduces the efficient operation of a home. There are many electric appliances that serve a vital household function without casting a light. Ranges, oil burners, water heaters, refrigerators, clocks, radios—any break in their operation lessens the efficiency of the home.

Make your home livable during blackouts

A blackout, especially a long one, may have a harmful, depressing effect on your family—unless some part of your home is specially prepared for living under blackout conditions. You may want to select one room as a "refuge room," and black out its windows so that the family can gather in cheerful surroundings. Also, you may want to black out the bathroom window. It's a good idea to make the same preparations for your kitchen, too, in case of a prolonged blackout.

Write out your "blackout schedule"  
Don't leave the blacking out of your home to chance. Make a list of all the things that have to be done. Appoint one member of the family to be responsible, with a substitute to serve in his absence. If you plan to be away from home during the evening, and wish to leave a light burning, be sure to make some arrangement with a neighbor. Remember, even "practice" blackouts may come without warning!

SINCE the United States Army can order blackouts whenever advisable, wise householders already have definite plans for blacking out their homes with the greatest efficiency.

Read your newspapers carefully for blackout regulations issued by Civilian Defense authorities. Here are some suggestions and reminders that will help you carry out the official regulations in your home.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

# SOCIETY EVENTS

## Woman's Club to Hear Talk on Fabrics at Cooper Home

Mrs. William C. Hammer, nationally known director of the Consumer Relations department of the Celanese Corporation of America, will be the speaker at the Antioch Woman's Club meeting to be held Monday afternoon at two o'clock at the home of Mrs. W. E. Cooper at Channel Lake.

Approximately 50,000 women hear Mrs. Hammer in person each year as well as a vast radio audience in her many broadcasts throughout the year. One of her favorite subjects is "Wardrobe on a Budget." She finds the answer to the clothes budget is "Faster must earn more money." Mrs. Hammer's talk on clothes and fabrics have proven of great interest to all American women. She finds that women are quite interested in new styles for their homes as they are for themselves.

Assisting Mrs. Cooper as hostesses are Mrs. O. C. Matthews, Mrs. S. A. Jedele, and Mrs. George Bacon.

## Miss Anderson Becomes Bride of W. R. Randall

Miss Dorothy Eleanor Anderson of Waukegan became the bride of Willard R. Randall son of Mr. and Mrs. George H. Randall Wednesday evening, October 14th, at the Randall home near Antioch. Rev. Warren C. Henslee pastor of the Antioch Methodist church officiated.

## MRS. LYNE HOSTESS AT BRIDGE-LUNCHEON

Mrs. Agnes Lyne entertained a number of friends at a desert-luncheon and bridge party at her home on Lake street, Tuesday afternoon.

## Personals

Mrs. O. E. Bachmeister will serve as conductress at Millburn chapter Order Eastern Star, Matrons and Patrons night, Friday evening.

Mr. and Mrs. Howard Gaston and daughter Gill spent Monday in Chicago the guests of Mr. and Mrs. W. Valters.

Mrs. O. E. Bachmeister, worthy Matron Antioch Eastern Star chapter assisted by Mrs. Robert Wilton, Mrs. Richard Chapman, Mrs. Helen Carlson, Mrs. Ralph Kinrade, Mrs. Homer Gaston, Mrs. Arthur Trieger and Mrs. C. N. Lux, served the Antioch Lions Club dinner, Monday evening in the Masonic Hall dining room.

Miss Mary Kerak of North Chicago was the guest of Sgt. Willard Jennings, Battery B, 34th I.A.B.N., A.P.O. 89, Camp Carson, Colo., several days last week.

Mr. and Mrs. Wan. Menewich and twin daughters of Birmingham, Mich., were the guests of Mr. and Mrs. Fred Hawkins several days last week. Mrs. Menewich is the former Miss Pauline Schiefel and for several years made her home in Antioch.

Card and luncheon party, St. Peter's Hall, Wednesday, Oct. 21, at 8 p.m. Benefit Mt. Carmel cemetery. Public is invited.

Mrs. Irene Elms and daughter Louise and Mrs. Charles Oetting and Miss Priscilla Allen of Trevor, Wis., were guests of the Salzwedel families at Woodford, Wis., Friday.

Mrs. Frank Hunt and Mrs. Maude Hartgen were guests of Mrs. Lena Holmes at the Dan Langman home in Trevor, Tuesday.

Mrs. Vera Reutter, Miss Julie Nelson and Mrs. Edie Nelson were dinner guests of Mrs. Lena Holmes at the Dan Langman home in Trevor, Sunday.

Benefit Mt. Carmel cemetery—Card and luncheon party at St. Peter's Hall, Wednesday, Oct. 21, at 8 p.m.

You are invited to attend the card and luncheon party to be given Wednesday, Oct. 21 at 8 p.m. in St. Peter's hall for the benefit of Mt. Carmel cemetery.

Willard Murphy, Petite Lake, Antioch, Illinois has just become a pre-legal student at the John Marshall Law School, Chicago.

Mr. and Mrs. Ed Strang of Antioch and Mr. and Mrs. Clarence King of Salem, Wis., left Sunday for a weeks vacation trip through the south.

Mr. and Mrs. George Clarke and children of Chicago were week end guests of Mrs. Clarke's parents, Mr. and Mrs. Fred J. Berg. Mrs. Berg accompanied them home on Monday and remained for a few days visit.

Mrs. Alice Freeman spent the week end in Richmond the guest of Mrs. Harriet Marshall at the home of Mrs. A. L. Mathers.

## Church Notes

**St. Peter's Catholic Church**  
Antioch, Illinois  
Rev. F. M. Flaherty, Pastor  
Telephone Antioch 274  
Masses—6, 8, 10, and 11 A. M.  
Week-day Masses—7:30 A. M.  
Catechism Class for Children—Saturday morning at 10 o'clock.  
Confessions—Saturday afternoons and evenings from 4 until 6 and from 7:30 until 9 o'clock.

**CHRISTIAN SCIENCE SOCIETY**  
955 Victoria Street  
Antioch, Illinois  
Sunday School—9:45 A. M.  
Sunday Morning Service—11 A. M.  
Wednesday Eve'g. Service—8 P. M.  
A reading room is maintained at the above address and is open Wednesday from 2 to 4 and 7 to 8.

**METHODIST CHURCH**

Services—11 A. M.  
Young People's Society—Tuesday at 7:30 P. M.  
Cub Scouts—Wednesday at 5 P. M.  
"We preach Christ Crucified."

**CHRISTIAN SCIENCE CHURCHES**  
"Doctrine of Atonement" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 18.

The Golden Text was: "John seeth Jesus coming unto him, and saith, Behold the Lamb of God, which taketh away the sin of the world" (John 1:29).

Among the citations which comprised the Lesson-Sermon was the following: "From the Bible 'Take heed, brethren, lest there be in any of you an evil heart of unbelief, in departing from the living God. But exhort one another daily, while it is called Today; lest any of you be hardened through the deceitfulness of sin' (Hebrews 3:12, 13).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Every pang of repentance and suffering, every effort for reform, every good thought and deed, will help us to understand Jesus' atonement for sin and aid its efficacy; but if the sinner continues to pray and repent, sin and be sorry, he has little part in the atonement,—in the at-one-ment with God,—for he lacks the 'practical' repentance, which reforms the heart and enables man to do the will of wisdom" (p. 19).

**ST. IGNATIUS EPISCOPAL CHURCH**  
St. Luke's Day, October 18th  
7:30 A. M. Holy Communion  
9:45 A. M. Church School  
11:00 a. m. Holy Communion and Sermon.

We cordially invite you to worship with us.

**VICTORY SERVICE**  
The eleven o'clock service at the Methodist church in Antioch next Sunday, October 18, will be dedicated to our men and women in our Army and Navy and Red Cross nurse service. All such are to be our guests of honor and urged to be present. We invite the families of these, the American Legion, The Auxiliary, members of the Red Cross as well as the general public to co-operate in giving these our dedicated, suitable recognition. Special music, words of appreciation by Mayor George Bartlett, and other features in keeping with the occasion will be included in the program.

Warren C. Henslee, Minister

**THOUGHT FOR THE WEEK**  
Contributed by the Baha'i Group  
FOR NATIONAL BIBLE WEEK  
"Abdu'l-Baha, son of the Founder of the Baha'i Faith, when speaking in one of the Christian churches was asked to write in the Bible used in that church. He wrote the following:

"This Book is the Holy Book of God, of celestial inspiration. It is the Bible of Salvation, the noble Gospel. It is the mystery of the Kingdom and its light. It is the Divine Bounty, the sign of the guidance of God."

When asked, "Who was Jesus?" He answered:

"Jesus was a Manifestation of God. Everything of Him pertained to God."

## Millburn Pastor To Be H. S. P-T.A. Speaker

"Understanding of the High School Child," will be the subject of an address to be delivered before the meeting of the High School Parent-Teacher association on Monday night at the Antioch High School by the Rev. L. H. Messersmith, pastor of the Millburn Community church. Rev. Messersmith was formerly a high school teacher.

The program of music will be under the direction of Hans von Holwede, and a social hour will follow the program.

## Personals

Mrs. Elizabeth Anzinger entertained the members of her pinocle club at the home of her daughter Mrs. Katherine Halverson at Grass Lake, Tuesday afternoon. A luncheon was served at 1 o'clock after which several games of pinocle were played. Prizes were awarded to Mrs. Clara Peterson, Mrs. Lucy Gee and Mrs. Ida Shunnesson. Mrs. Peterson also won the double pinocle prize.

Mr. J. E. McFarland, Sec. of Englewood Y.M.C.A., Mr. Bruer, chm. camp committee and Mr. Pennhaligan, Chm. house committee were dinner guests of Mr. and Mrs. Charles A. Carter and looking over affairs at Camp Cutton.

The Royal Neighbor officers club held a card party at the home of Mrs. Joseph Patrovsky, Monday evening. Seven tables of 500 were in play. A delicious luncheon was served by the hostess following the games. Prizes were awarded the winners of highest scores.

## Here Comes that Bill Again--

The Antioch News is devoting its best efforts to make the home newspaper helpful and interesting, and in order to maintain greatest efficiency the subscription list must be kept up to date, not only for the purpose of providing funds with which to carry on, but also in order to comply with the U. S. Postal rules regulating the transmittal of newspapers through the mails.

During recent months the help situation in printing establishments, including this one which has lost four employees to the armed forces and defense industries, has been reduced to an alarming status, with scarcely enough help left to carry on. So if subscribers will relieve the newspaper staff of the added task of making collections by paying voluntarily when their subscriptions become due as indicated on the name label on the paper, it will save that much time for the business of improving the service to readers.

Perhaps you have received a bill for an overdue subscription. If so the News wants you to know that your name has been retained on the subscription list because we have not yet received your payment. We have not yet received your payment.

**More Than in England**  
In the city of Chicago, Ill., there are more refrigerators, vacuum cleaners, and toasters than there are in all of England.

To know Him was to know God. To have Him was to have God. To obey Him was to obey God. He was the source of all divine virtues. He was a vision of all divine qualities. In this vision the light of the Sun of Reality was reflected to the world. Through this mirror the energy of God was transmitted to the world. The whole disk of the Sun of Reality was reflected in Him.

In John 16: Verses 12 and 13, Jesus said:

"I have yet many things to say unto you, but ye cannot hear them now. Howbeit, when he the Spirit of truth, is come, he shall guide you into all the truth; for he shall not speak from himself; but what things soever he shall hear, these shall he speak; and he shall declare unto you the things that are to come."

"The Cause of Baha'ullah is the same as the Cause of Christ. It is the same temple and the same foundation. Both of these are spiritual springheads and seasons of the soul refreshing awakening and the cause of the re-creation of the life of mankind. The spring of this year is the same as the spring of last year. The origins and the ends are the same. The sun of today is the sun of yesterday."

In the coming of Christ, the divine teachings were given in accordance with the infancy of the human race. The teachings of Baha'ullah have the same basic principles, but are according to the stage of the maturity of the world and the requirements of this illumined age. The lamp is different but the light is the same.

The Baha'i House of Worship and what it symbolizes will conclude the present series of broadcasts sponsored by the Baha'is of the United States and Canada and heard over station WATL, each Sunday at 1:20 p.m. The broadcast for Oct. 18th will be given by Lawrence La Roque of Bristol, (820 on the dial.)

## X-Ray Provides 'Blueprint' for Rubber Search

The University of Illinois has played an important part in the battle of American scientists to replace raw rubber from Asia with a synthetic product or with latex from plant sources in the Western Hemisphere. "Blueprints" have been made for the product they want.

The "blueprints" are many-times enlarged x-ray pictures and detailed studies of the structure of rubber, showing the very molecules of which it is composed. They were made at the University of Illinois by Prof. G. L. Clark, world-famous x-ray chemist, in research going back many years before the war.

He started it all in 1925 when, in his x-ray laboratory, he became the first person to actually see the molecule of rubber. Additional facts came rapidly and have been of practical value in aiding rubber makers to produce a 20-times increase in tire mileage in the last 15 years. Today his work is invaluable in the nation's war effort. Tomorrow it will enable America to have better rubber for the reconstruction and progress of peace.

Professor Clark's "blueprints" reveal just what structures in the rubber result in certain properties of the product. With this knowledge, American scientists can reverse the order. They can decide what properties they want, and following the molecular "blueprint" build a substance having those desired properties.

This means that the synthetic and substitute rubbers America is developing will not be "just as good as" the product whose Asiatic source Japan cut off, but that possibly the new products actually will be better, and that there probably will be various kinds, each tailored for a specific use.

## Industries, Groups Pay for Research On 139 U. of I. Jobs

One hundred thirty-nine research projects financed by industries, trade or industrial groups, or governmental units are being carried on at the University of Illinois, according to the annual report of Comptroller Lloyd Motey.

The report shows that in a year the University expended \$257,007 in carrying out the co-operative projects, while in the same year it received \$278,238 to further them. This was \$19,000 more than the year before.

The research is carried on by the Engineering Experiment station, first of its kind when established in 1903; the Agricultural Experiment station; and in academic departments, including the Colleges of Medicine and Dentistry.

Among projects of the past year involving \$10,000 or more are:

Association of American Railroads and Carnegie Steel company for investigation of railroad rails.

United States Bureau of Public Roads and State of Illinois Division of Highways, for study of concrete slabs.

Institute of Boiler and Radiator Manufacturers, for studies of steam and hot water heating.

Kellogg company, for study of all bran.

Rockefeller foundation, four projects: study of amino acids, development of neurology and neurosurgery experiments in teaching psychiatry, and spectroscopic analysis of water.

## U. S. Drug Growing Planned at U. of Ill.

A long-range program to reduce America's dependence upon foreign sources of drug plants and to grow many of them in Illinois is being launched by the University of Illinois and the Illinois State Natural History Survey.

According to Prof. E. N. Gattercoal of the University's College of Pharmacy, this nation spends 12 times as much for drugs from plants grown in foreign lands as for those grown here. The value of drug plants used in American medicines, insecticides, and cosmetics totals \$10,000,000 a year. Of this America provides only \$10,000,000 worth.

Professor Gattercoal has found that while 253 drug-producing plants are grown in this country, only a comparatively few are grown for their drugs; the rest are grown as ornamentals, for food, or experimentally.

Research by Dr. L. R. Telson of the Natural History Survey has listed 106 species of plants in Illinois which could be used for drug products.

## State Advisory Committee For University of Illinois

Eighty-six leading Illinois citizens have been named members of a new University of Illinois General Advisory Committee. Their names were suggested by President Arthur Catts Willard and approved by the University Board of Trustees.

The committee is an advisory body to the President of the University, "on matters relating to the welfare of the University, its development and services to the state, and on questions of general public policy."

## Honor Past Masters of Sequoit Lodge

With past masters serving as officers in conferring Master Mason degrees upon candidates, Sequoit Lodge served as Worshipful Master of the lodge since its organization and the granting of the charter in October 1893. Eleven of those who served as head of the lodge are deceased.

There remain three charter members of the lodge which held its first meeting and election of officers 50 years ago. They are Sol LaPlant, Ira M. Simons and J. C. James.

Present officers of the Antioch lodge are:

Worshipful Master—John Gaa; Senior Warden—Arthur Laursen; Junior Warden—Walter Solomon; Treasurer—Edward Strang; Secretary—Frank B. Huber; Chaplain—Arthur Hawkins; Senior Deacon—Elroy Anderson; Junior Deacon—Joseph Horton; Senior Steward—Homer LaPlant; Junior Steward—George O. Hawkins; Marshal—Clarence J. King; Tyler—Emil Lubkeman.

## Men Conduct P-T.A. Meeting Monday At Grade School

Four talks on civilian defense work by members of the township organization were features of the Parent-Teacher meeting held Monday night at the grade school, which had been designated as "Men's Night," with men taking over all functions of the meeting, including the serving of refreshments.

Opening with a brief session of community singing, the program next called for a novelty treat to test out the new recording device purchased recently for the school. After several attempts that proved to be unsatisfactory, Hans von Holwede said that more practice and experience will be needed before staging a public rendition.

After the usual business of the evening was transacted the meeting was given over to the speakers on civilian defense.

Roman Vos, chief air raid warden, spoke on civilian defense organization; P. J. Berg told of the duties of civilians before and during an air raid; and Prin. R. E. Clabaugh spoke on the conduct and care of school children during an attack.

Refreshments were served by the committee—Clete Vos, Hugh Hufendick, Robert Wilton and Mr. Clabaugh.

## HICKORY

Theodore Garrett, a former resident of Hickory, passed away at the age of 80 years, and was laid to rest in Hickory Cemetery Tuesday afternoon.

Funeral services were held in Zion. Mr. and Mrs. Roy Heydecker, Mr. and Mrs. Donald Wells, and Mr. and Mrs. Ed Milmore of Waukegan were callers at the Crawford farm Sunday p.m.

Mrs. Nick Lauckner from Minnesota visited at the home of her daughter, Mrs. Ralph Miller, and on Tuesday attended the funeral of her father, Mr. Garrett.

Mr. and Mrs. L. R. Van Patron of Antioch were Sunday evening visitors at the Wilbur Hunter home.

Miss Gargy Tildon of Rochelle, Ill., was home over the weekend.

Mr. and Mrs. J. P. O'Hare of River Forest visited Sunday p.m. and evening at the H. A. Tilton home.

Mrs. Van D. Thompson is laid up with a bad case of neuritis in her left arm and shoulder.

Wilbur King, Harrie Tilton and Wilbur Hunter spent Monday p.m. in Kenosha.

Mr. and Mrs. E. E. Fields of Pikeville, entertained friends from Niles Center, Ill., on Wednesday afternoon and evening.

## News of the Boys in Service

Capt. J. C. Brogan, home on furlough, is spending the week at the home of his parents, Mr. and Mrs. John Brogan.

Dr. A. P. Bratrud is now located and addressed as follows: Capt. A. P. Bratrud, M.R.P.M.R.T.C. Camp Joseph T. Robinson, Arkansas.

Three more local boys who enlisted sometime ago are being added to our list. In the Air Corps is: Pvt. Russell E. Ropenock, 405th Tech. Sch. Sqd. Bks. 200, Sheppard Field, Texas.

As air mechanic is: Pvt. Richard Davis, 872 Chemical Co., Herbert, Stuart Field, Macon, Ga.

The third one is: Pvt. Robert R. Willett, Co. B, 99 Sig. Bn. A.P.O. 307, Desert Maneuvers, c/o Postmaster, Los Angeles, Calif.

Other address changes received to date:

Arthur A. C. Scott, A.A. F. N. S., Hondo, Texas.

Pvt. Albert W. Sorenson, Det. 23-909 (Am. Serv.) Q. M., Carlbad Air Base, New Mexico.

1st Lt. Frank Neverkla, 376 Pst. R.T.R.C., A.P.O. 958 c/o Postmaster, San Francisco, Calif.

Corp. Wm. Hook, Co. D, 2nd Sig. Bn. A.P.O. 352, Camp Young, Calif.

Pvt. Henry E. Pape, Jr., 60th Sig. Bn. Desert Maneuvers, A.P.O. 307, c/o Postmaster, Los Angeles, Calif.

Pvt. Russell E. Fields, H.A. 2nd B. N. 422, F.A. Camp Bowie, Texas.

Several of our boys have written in to thank the Legion and the News for a paper that brings them the local news. Pvt. Russell E. Fields and Charles Rothers are two that look forward weekly for their "News".

Another new name added is: Pfc. Charley Christensen, Headquarters Co. E. O. C., Camp Claiborne, La.

1st J. W. McMillan, athletic director at Navy Pier, was a guest speaker at the Quarterback Huddle held Monday, October 12th in the Hotel Morrison Casino Terrace. Jim told of the conditioning work being done at his post. Navy Pier, to condition the officers and men. He is a former Illinois grid star.

Jim also participated in a Pro Huddle, a weekly gathering of National Football League officials, coaches and football fans, held in the Grand Ballroom of the LaSalle Hotel on Tuesday, October 13. Some of those present were George Hahs, owner-coach of the Chicago Bears, Lt. J. W. McMillan, part owner and vice-president, and former Bear player, Red Grange; Lou Gordon and Lou Boudreau, manager of the Cleveland Indians baseball team; Gerald Koerner, president of the Illinois club sponsored the meeting.

## Nation is Asked To Mobilize For Safety

### National Safety Congress to Seek Answers to Accident Problem

CHICAGO, Oct. 17. — How much are accidents actually hurting war production?

How can these accidents be stopped? The answers to those questions, and hundreds of others, will be sought by 10,000 delegates and visitors to the 31st National Safety Congress and Exposition to be held in Chicago, October 27-29.

The Congress is sponsored by the National Safety Council and will serve as a mobilization for the safety forces of the nation which, under the leadership of the Council, are conducting a nationwide emergency safety campaign at the direct request of President Roosevelt.

The theme of the Congress will be, "Save Manpower for Warpower." All the 175 sessions, with 500 program participants, will be devoted to the problem of how organized safety can best help the war effort by reducing accidents that are wasting manpower, material and time vital to victory.

The "Save Manpower for Warpower" theme will predominate the Congress from start to finish. It will be the basis of a speech by Rear Admiral William H. P. Blundy, chief of the ordinance bureau of the United States Navy at the Congress Banquet Wednesday night, October 28.

Streamlined this year into a three-day period because of the war, the Congress program is regarded as the most important in the 30 years of the Council's existence. Every topic on the program has been chosen because it has a definite part in helping win the war.

"The President of the United States has asked safety to do a job as specific in the war program as the production of munitions," said Ned H. Dearborn, executive vice-president of the Council. "Our job is to stop accidents that are hindering the war effort, and to this job the entire Congress is dedicated."

## First Girl Meter Readers of World War II

Soon, girls attired in snappy cadet gray uniforms like those worn by Caryl Nelson (left) and Gladys Williams may be reading your gas or electric meters. They are included in group now being trained by Public Service Company of Northern Illinois to replace men serving in the armed forces.

## RATIONING BOARD ANNOUNCES TIRE AND TUBE PERMITS

Among the Lake County Rationing Board's 400 releases of tires and tubes to Lake County Citizens during the month of September, about 75 permits were issued to citizens in this area. One of the local permits was issued to Coach C. A. Wolfbarger of the Antioch High school for a bicycle. Police Chief Bill Thiemann was granted a permit for a new tire and tube for the squad car.

Here's how the community fared in tire distribution:

## Girl Meter Readers Being Trained By Public Service Co.

With over 600 men employees now in the armed forces and more going every month, Public Service Company of Northern Illinois is preparing to meet war's demand on manpower by training a carefully selected group of young women as meter readers.

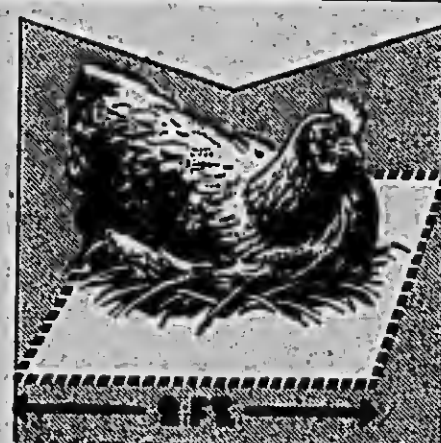

Already five girls are in training—three in Joliet and two in Maywood—and if the experiment works out as expected they will soon be making their rounds in selected residential areas of suburban and northern Illinois towns—the first women meter readers of World War II.

They are Gladys Williams of Maywood; Caryl Nelson of Forest Park; Geneva Fieck, Kaukaee; Jane Pollitt, Pontiac; and Lillian Clausen, Plainfield. To qualify, all passed strict mental and physical tests, and upon completion of their training will read meters in Maywood, Oak Park, River Forest, Forest Park, Kaukaee, Pontiac and Joliet.

If the experiment works, more girls may be added to replace men called to the colors, company officials said.

**Flying Ant Plague**  
It took the fire department of Pampa, Texas, to "put out" a swarm of flying ants which completely covered a house from roof-tree to foundation.

**For a Gas Mask**  
No amount of rubber is too little to salvage. It takes only 1 1/4 pounds to supply the rubber for one more gas mask. And no doubt you've heard that the Japs are using gas.

MAKE EVERY 4 SQ. FEET OF LAYING HOUSE FLOOR SPACE PRODUCE 200 EGGS per year!

Fill your laying house and keep it filled as a first step to capacity egg production. One hen needs 4 sq. feet of laying house floor space... and many hens are bred to lay 200 eggs a year. Make this your plan... Keep a good hen in each 4 sq. feet of your laying house—feed your hens for capacity production. See us—for details of a plan to do this job... the Purina Balanced Income Plan.

**FEED for EXTRA EGGS**

## Fox Lake Sportswoman To Be Interviewed By Jack Little Over WJJD

Mrs. Alzada Rutherford, the former Alzada Meyers of Hillside Resort at Fox Lake, widely known as one of the best marksmen in America, will be interviewed by Jack Little (Brooks Lake) over radio station WJJD Sunday afternoon at 5 o'clock. Mrs. Rutherford not only is regarded as a trap-shooting expert, but she also shoots her share of ducks and other fowl in season.

Among the young women who enjoy hunting, the lakes region boasts another good shot also. She is Mrs. Barney Shumeson, the former Vida Palmer, who is just as anxious to see the arrival of open season on waterfowl as any male hunter. What's more she rarely misses a shot. A picture of Mrs. Shumeson in characteristic hunting pose was shown in the Sunday edition of the Chicago Herald-American.

## Fabric-Conserving Fashions Possess a New Kind of Style

By **CHERIE NICHOLAS**

LET no one think that specifications for conserving materials in wartime have put restrictions on attractiveness. On the contrary, the new order of things is ushering in a fashion cycle fraught with a newness in chic and charm that is excitingly interesting. Instead of finding them disappointing, you'll find that the new styles have exactly what every woman is looking for—neat silhouette and fine basic design, together with innumerable little niceties of detail which are flattering and lovely and expressive of all that is best in costume technique.

The manipulation of fabric so as to use less yardage simply fascinates with its artfulness and resourcefulness. Materials favored for the new "priority" fashions are those which lend themselves best to a delightfully feminine, draped and moded styling which achieves the utmost in figure flattery. For this purpose rayon crepes are proving ideal for the entire dress or used in combination with satin, faille or velvet. The working of two fabrics together is fashion news of outstanding importance for fall. In fact, the new black-on-black vogue which works black crepe or jersey with satin or faille or touches of black velvet is the fashion high spot of the immediate moment.

Another new trend which reacts to the good in response to the demand for entertainment in the use of metal fastenings is the amazingly clever way in which dresses and coats and houses are made to close with self-fabric ties, or wrap-around devices with plastic buttons which are as ornamental as they are useful. Now in fashion is the wrap-around frock with surplice neckline. It's a new you'll adore, for it's slenderizing to the nth degree. See it pictured to the right in the accompanying illustration interpreted in smart black rayon sheer, a material which is ideal for summer-into-fall wear. Delicate touches of

fine black rayon net at the neck, sleeves and hemline carry out the black-on-black idea now so important. A self-fabric sash ties softly at the buttoned back closing. Worn over a correctly fitted foundation garment, this snuggly fitted frock has unusual grace and distinction.

Dressmaker tailoring distinguishes the charming two-piece suit frock to the left in the above illustration. Designed for now and later in hand, some black rayon faille, this model features the slim long-torsoed silhouette accented by folds of the fabric at chest and hips of the fitted jacket top. The new "priority" suits with close, fitted jackets and slim skirts must be worn over carefully fitted under garments to achieve the smoothly streamlined effect so essential this season.

For the very chic afternoon dress centered in the group sheer rayon crepe in deep, rich black is draped and molded along slim figure-revealing lines. A self-fabric spaghetti trim makes soft little bows at the fluttering sweetheart neck and knots casually at the waistline above the skirt draping, which is concentrated at the front.

Tremendous play is being made on the working of black satin with dull-surfaced rayon crepe. Yokes, insets and bandings of the satin, as well as big, soft bows, give pleasing variation to full frocks of contrasting fabric. Color contrast is another featured theme. Designers are highlighting striking effects in no uncertain terms, using sleeves of one color and bolice top of another with the two colors appearing in the skirt. Coat dresses have panels of contrasting color to match the color of the plastic buttons.

Illustrated by W. J. News and Union.

### SALEM

Mr. and Mrs. William Krautkrammer of Wauconda spent Monday with Mr. and Mrs. Arthur Bloss, Sr.

Mr. and Mrs. Robert Irmie were called to Lake Mills the past week by the death of Mr. Irmie's mother, Mrs. James Irmie.

Miss Florence Bloss and Harold McSweeney of Delavan spent Saturday evening with Mr. and Mrs. Arthur Bloss, Sr.

Mr. and Mrs. A. C. Stoxen have returned home after spending the past week with their son and family, Ralph Stoxen at Harvard, Ill.

Mr. and Mrs. Lester Dix and Judith Ann and Mrs. Natalie Strobe spent Sunday in Chicago.

Harold Vanderberg and Ray Patrick were in Milwaukee Thursday and Friday on business.

Mr. and Mrs. Louis-Ronnie have

moved from the house recently purchased by Mr. and Mrs. Alfred Schultze into the Lulu Root flat.

Mrs. William Griffin and Mrs. Byron Patrick were Kenosha shoppers Friday.

William Griffin and son Roy were Waukegan visitors Saturday.

Mr. and Mrs. Clarence King and Mr. and Mrs. Ed Strang of Antioch left Sunday for a week's vacation.

Miss Olive Hope and Jennie and Jasie Loescher were Sunday dinner guests of Velma and Verna Hope at Libertyville, Ill.

Miss Sarah Patrick of Trevor spent Friday afternoon with Mrs. Luanah Patrick.

Mr. and Mrs. Jake Drom and Mrs. Claire Horton visited Mrs. Luanah Patrick Saturday afternoon.

Mr. and Mrs. Ogden Fletcher of Chicago spent Sunday with their mother Mrs. Janet Fletcher.

Mrs. Arthur Bloss, Sr., Olive Hope,

Jennie and Josie Loescher were Sunday evening guests of Miss Frank Stewart of Kenosha.

Mr. and Mrs. Sylvester Dibble are spending this week visiting relatives in Michigan.

## WEEKLY NEWS ANALYSIS

## 1943 Farm Goals to Be Biggest Ever; U. S. Increases Strength in Pacific As Air-Naval Forces Blast Japanese; Nazis: 'No Need to Take Stalingrad'

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)  
Released by Western Newspaper Union.

A secret landing by American forces in the Andreanof group of the Aleutian Islands made it possible to establish an airfield from which planes could blast Japanese positions on Kiska Island. The above photo shows American troops in a "bucket brigade" passing supplies ashore from a small boat.

## SOUTHWEST PACIFIC:

## Yank Power Grows

The Japs learned a lesson about American air and naval strength in the Pacific when five of their ships including a heavy cruiser were damaged by a U. S. aircraft carrier task force which pierced Japanese defenses at Shortland Island in the north Solomons. In addition, an air field was blasted at Bougainville, main Jap air base, and numerous aircraft destroyed.

A navy communique reported that the Japs were caught by surprise and the American operation was carried out without loss of men or equipment.

Besides the heavy cruiser, the American battle score against the Jap forces included one transport damaged by heavy bombs, one seaplane tender and two cargo ships damaged by light bombs.

In New Guinea, the advance of the tough Australian bush troops continued over the Owen Stanley mountains which the Japs had penetrated weeks before.

Although craggy trails had prevented swift movement, the Australians had cleared the enemy before them and had removed the threat of a Jap surge that once had pierced to within 32 miles of strategic Port Moresby.

A communique issued by Gen. Douglas MacArthur's headquarters in Australia disclosed that the "Allies' New Guinea advance had been made "with practically no loss."

"Information from native carriers who deserted the Jap forces plus reports from our own patrols, indicates the retreating Japs were exhausted, living on short rations and badly needing supplies," the communique reported.

Much of the Australian success was said to be due to a constant air attack on Japanese supply lines.

## FARM GOALS:

## Boosted for 1943

A nationwide wartime plowup next spring, reminiscent of the days of 1918, loomed as the U. S. department of agriculture drew up tentative production goals calling for even greater acreages and output of most farm products than was requested under the record 1942 production.

The goals for all farm crops but three—wheat, short staple cotton and commercial vegetables—were set higher than for 1942. Corn and other feed grains, beans, peas, peanuts, potatoes, sugar beets, hemp and vegetables for processing were given the green light. So were production goals for cattle, hogs, dairy products, poultry and eggs.

With less manpower, machinery and other facilities to operate with, farmers had their work cut out for them. Moreover, the needs of the armed forces and the Allies, particularly Russia, were said to be much greater than had been expected a few weeks before.

If 1943 farm goals are not reached, civilian consumers will have to tighten their belts. Consumer rationing was to be inaugurated January 1, but civilians had already been asked to limit meat consumption to 2½ pounds weekly.

A possibility remained that sooner or later, butter, cheese, cooking fats, vegetable oils, eggs, poultry and canned fruits and vegetables would be placed in the same category as meat.

## RUSSIA:

## Stalingrad Checkmate

Unnoticed at the start, Marshal Timoshenko's counteroffensive, begun far up the northern arm of the Don river in the vicinity of Kletskaya, had moved forward. Its object was to draw off German striking power from the Stalingrad area.

Timoshenko had struck first, in a 50-mile area between the Don and Volga northwest of Stalingrad and had extended his forces southwest to the German flank.

That Timoshenko's strategy had worked was indicated by a significant statement on the Berlin radio which announced that the Germans would abandon frontal attacks on Stalingrad and destroy what was left of the city with heavy artillery. "It is no longer necessary to send German infantry and assault engineers into the battle," the announcement said. "The finishing touches will now be entrusted to heavy artillery and dive bombers."

Observers noted that the German announcement was reminiscent of propaganda covering the Nazi withdrawal a year ago from Rostov, when the Russians gained their first victory of the war.

Southward, in the Caucasus the Nazis had succeeded in advancing in the Moxdok area, while Rumanian reinforcements were reported pushing southward from the German-held Black sea base of Novorossisk.

## WAR COSTS:

## 210 Million Daily

War costs will exceed 210 million dollars a day by January 1, 1943, according to figures based on revised calculations by Budget Director Harold Smith. Mr. Smith's estimates placed total war spending at 78 billion dollars in the current fiscal year, which will end June 30, 1943.

The budget director's upward estimate was about 25 billions more than President Roosevelt's figures last January and eight billions more than a previous calculation by Smith.

Increased expenditures for all war purposes would make it necessary for the treasury to borrow approximately \$60,300,000,000 from the public during the current fiscal year.

## LABOR:

## Lewis Divorces CIO

Labor leaders and politicians had long awaited the formal secession of the United Mine Workers of America from the CIO. Bushy-browed UMW Chief John L. Lewis kept his own counsel, but chose a dramatic moment for the divorce. The occasion was the miners' annual convention at Cincinnati.

Brusquely warning the delegates that he would no longer remain in the CIO, Lewis obtained unanimous consent to withdraw. A committee report urging the separation charged the CIO with failure to pay a \$1,050,000 debt to the UMW and denounced alleged attacks by CIO officers on Lewis.

The convention action merely gave public recognition to a situation that had existed for months. Lewis and Philip Murray, CIO president, were feuding after a friendship of years standing. Murray, a former miner and vice president of UMW, had been "read out" of the union, last spring.

## ALEUTIANS:

## Japs Fold Tents

As mysteriously as they first appeared, Japanese forces disappeared from the two westernmost Aleutian islands, a navy communique revealed. The two islands abandoned were Attu and Agattu, lying close together nearly 200 miles from Kiska.

Heavy bombing by American aircraft which destroyed most of the Japanese buildings on the two islands was cited as a reason for the withdrawal.

The Japs still held a foothold on Kiska Island, but Yankee flyers made their tenure precarious. Army heavy bombers operating from the newly acquired American bases in the Andreanof Islands in the Aleutians blasted Jap-held positions on Kiska in repeated raids.

The islands of Attu and Agattu were originally seized by the Japs shortly after the Aleutian campaign opened last June.

## SCANDINAVIA:

## Headache for Nazis

Germany's influence in the Scandinavian countries had been weakening. This was evident when a general election in Sweden had returned a record number of Communist, anti-Nazi delegates to the national assembly. It was evident, too, in frequent peace feelers from war-plagued Finland. Thus when rioting and disorders broke out against the Axis overlords in Norway and Denmark, few observers were surprised.

Swift was the Nazi action in countering with force the Scandinavian threat. The Germans proclaimed a state of emergency in central Norway from the seaport of Trondheim to the Swedish border. Reprisal executions followed. Reports from Copenhagen said tension had mounted to fever heat because of clashes resulting from the "overbearing and provocative" attitude of the volunteer pro-Nazi "Free Corps."

The Nazi radio gave official confirmation of Scandinavian unrest by announcing that the Norwegian emergency was proclaimed because of recent sabotage attempts "which if they had succeeded would have endangered Norway's supply system."

## RUMOR MONGER:

## Menace Described

Americans were called upon to beware of rumor mongers by Robert P. Patterson, undersecretary of war.

Speaking before the American Federation of Labor convention in Toronto, Mr. Patterson cited rumors assailing the quality of and effectiveness of weapons made by American labor as evidence of Nazi propaganda. "Criticism of the Grand rifle, U. S. tanks and P-40 planes

ROBERT P. PATTERSON  
Warns of Nazi rumor factory.

as inferior died away in the face of actual performance," he said.

"In the days to come Hitler will redouble his efforts to divide the nations now united against him. In this task he will make use of the rumor mongers among us."

"His agents will spread stories in the United States and Canada that will reflect on Britain. In Britain, his agents will spread the story that Americans are not doing their part in fighting, but are interested only in making money out of the war. And he will try to alienate us from Russia."

Mr. Patterson said that production of armaments for the Allied nations will cut deeper and deeper into production of civilian goods and require suspension of many peacetime standards of hours and working conditions.

## SNUB VICHY:

## Urges Ex-Envoy

Even as Pierre Laval imposed a labor draft to speed the delivery of 150,000 French workers for German war factories, Walter Edge, former American ambassador to France, urged withdrawal of U. S. recognition of the Vichy government. Such action, he said, would solidify 95 per cent of the French people behind the United Nations.

Emphasizing that he was speaking as a private citizen, Edge said it was "unfortunate that the government seems to feel it necessary to continue recognition of the Vichy regime."

"There may be many things that warrant continued recognition that I know nothing about," he declared, "but only a small percentage of the French people are in sympathy with the Vichy government. It must be discouraging to the majority to see their overlords recognized by this country."

# Help save TELEPHONE TIME for Uncle Sam

IN ALL-OUT WAR, things of a purely social nature must give way to those which will directly contribute to the nation's Victory.

That is as true of Long Distance telephone calls as it is of any other part of our everyday life.

Supplying the vast stores of equipment needed by our fighting men requires constant telephone communication. So does the actual directing of our Army, Navy and Air Force.

Enough telephone lines must be kept clear at all times for messages vital to the winning of the war.

One way YOU can help is by planning exactly what you want to say before you make a Long Distance call so you can be as brief as possible—especially on Long Distance calls going outside the state.

Help save telephone time for Uncle Sam by limiting your use of Long Distance as much as possible.

## The Automotive Mechanic of Yesterday Is the VICTORY SERVICE MAN of Today

Help him to help you  
"SAVE THE WHEELS THAT SERVE AMERICA"

by getting a skilled service check-up regularly

Take the word of millions:

MORE PEOPLE GO TO CHEVROLET DEALERS FOR SERVICE

than to any other dealer organization

Just how important the automotive mechanic's work is to the nation will be clear to all who consider the following facts:

● Automobiles and trucks form the sole practicable means of transportation for war workers and war materials in many communities throughout America.

● In some sections, 78% to 100% of the workers drive by automobile to vital war plants.

● 2,314 U. S. cities, with a population of 12,524,000, depend on private cars for transportation.

The automotive mechanic—the trained Chevrolet Victory Service Man—is the lifeguard of America's millions of cars and trucks: Help him to help you and America by getting a skilled service check-up at regular intervals.

\*All statements based on reports compiled by the Michigan State Highway Department and the Statistical Department of A. M. A.

54,000 communities depend entirely on motor vehicles.

● Six out of every ten farms use one car or more; 67% of farm car mileage is necessity driving.

● More than 65.2% of all war plants reporting in Michigan (a typical war production state) depend on trucks to haul their incoming and outgoing freight.

● Trucks haul nearly 100% of the milk supply of most large cities—and 58% of all livestock marketed in the U. S.

● Trucks are the sole transportation system serving our 54,000 communities not reached by railroads.

## HIGHLIGHTS . . . in the week's news

**NEW YORK:** Supplies of tea on hand in the United States are sufficient to meet present restricted demands for the next six or seven months, Benjamin Wood, managing director of the Tea bureau, declared. Wood said estimated stocks were 28 to 29 million pounds, enough to carry the nation well into 1943, under quota regulations restricting tea sales 50 per cent.

**MELBOURNE:** Australian chorus girls must be over 45 years of age, according to a recent government order. The age limit is one of the new "austerity" restrictions in force in the Australian commonwealth. Able-bodied women under 45 years of age should be in jobs "that contribute more directly to the war effort," the government feels. Hence the new theatrical restriction.

HEADQUARTERS FOR VICTORY SERVICE ON ALL MAKES OF CARS AND TRUCKS

R &amp; J Chevrolet Sales, Antioch, Ill.

## FOR SALE

FOR SALE — Nice dining room set, Walnut fin., mohair seats and back also. Dri-Gas stove, reasonable. Mrs. Oschmen, Lake Catherine, phone Antioch 139-J. (10p)

## SEQUOIT NEWS

Edited by Students of Antioch Township High School

## Sequoit Gridders Win Second Conference Tilt Over Bensenville 20-0

(By Bill Chase)

The well known V sign seems to be contagious with the Antioch Sequoits. The local prep eleven scored its second triumph of the season by defeating the Bensenville eleven by a score of 20 to 0 in a game played on the local field Friday.

Unleashing a deadly passing attack coupled with a hard running attack the Sequoits completely befooled the Bensenville preps who fought gallantly but were no match for the rampaging Sequoits.

The first score came late in the first quarter when Fields fired a perfect pass to Dale "Hanson" Barnstable who caught the ball over his shoulder and scampered across for a touchdown.

The extra point was registered by Fields' educated toe, when he kicked the ball squarely between the uprights. The second marker was tallied on a drive down the field late in the second quarter.

Kaufman, Brixon and Mapleshorpe alternated in carrying the pig skin down

to the twenty yard line, from here Brixon smashed across on a line buck to make the score 13 to 0. The extra point was good. Brixon carried the ball over his left guard. The half ended with the score 14 to 0.

The Sequoits continued their scoring late in the third quarter when again the combination of Fields to Barnstable operated to perfection on a pass chalking up six more points, ending the scoring for the afternoon with the final score being 20 to 0.

The Antioch Sequoits are to be commended on their fine team play. The turning and hard driving of the backs plus the fine blocking of the line stamps the Sequoits as potential championship timber. Runners of Antioch capturing the Northwest crown are being buzzed through out the local high school, but Coach Wolfmberger declines to be overly optimistic.

"We improve with each game," says Wolfmberger, "and if the boys continue to show improvement and were lucky enough to avert injuries there's no telling how far we might go."

It's been year's since Antioch has captured the crown and from where the author is sitting it looks like "V" for Antioch as well as the Allied cause.

## Crowned Hog King

Richard Johnson, eighteen-year-old farm boy of Prophetstown, Illinois, who took top honors and the Philip W. Pillsbury Award for Agricultural Achievement with his hog at the Chicago Junior Market Hog Show. His pen of Durocs defeated over five hundred other entries and his winning animal later sold for 56½ cents per pound.

jobs they had abandoned some years ago. Well, after all, there's only one way to get work done, and that is to do it.

One of the biggest sensations in recent years is expected to break today in Waukegan. We wonder if it will come off as scheduled.

The bombardment heard at sunrise this morning was not a revelation of some distant battlefield. It was the annual bombardment of ducks on nearby lakes on the season's opening at sunrise. Ducks are not quite so plentiful in this area this fall, hunters say. Probably on account of the mild Indian summer weather we have been having. Cooler days and nights will bring the annual migration of all kinds of migratory waterfowl.

Query — When will the news photographers think up a new pose for the football hero with ball under the arm. Every fall there is a regular parade of the same pose, rounding a curve just before he hits the dirt.

## All in Good Time

Great excitement reigned in the village. They'd had their first bomb during the night. Fortunately it had fallen in a field, the only damage being a large crater.

The place was swarming with relief-hunters, searching for bits of bomb as souvenirs. Practically everybody was there—and the rest were on their way.

All save one. A dear old lady sat outside her cottage and called cheery greetings to her neighbors hastening past.

"Aren't you coming to get a souvenir, Mrs. Jones?" asked one.

"No," was the placid reply. "It's a bit far for me. I'll just wait till a bomb drops nearer."—Answers.

—Monitor

Speaking of "forgotten men"—and women—wonder what has become of Benito Mussolini, Madam Perkins and Eleanor Roosevelt!

—

The American people have done everything the administration has asked and has done it willingly—so what's the squawk? The American people want to get this war won and over with — they want to spare the lives of their boys and conserve resources for posterity — the country is united in its effort to win the war. It is united to support a bunch of inco-

## State Seeks Attendants For Illinois Hospitals

The Illinois Civil Service Commission has a number of places open for hospital attendants. These positions carry full civil service rights, with opportunities for advancement and life long careers in State work. Anyone over 18, in good health and having the equivalent of an eighth grade education can qualify.

Hospital attendants start in at a salary of \$76.50 a month, less maintenance, and receive an automatic increase of \$2.10 every six months until the maximum of \$87.00 is reached.

Men, women and married couples are urged to contact the Civil Service Commission, Centennial Building, Springfield, or any branch office of the Illinois Employment Office. The present drive for attendants closes October 24, and applications must be postmarked not later than that date.
